

## دستاوردهای چین در زمینهٔ مالکیت معنوی در سال ۲۰۱۹

۹ /سفند ۱۳۹۸

وضعیت چین در زمینهٔ مدیریت امور مالکیت معنوی (IP) و هدایت نوآوری‌ها به سمت موارد فناورانه و نیازهای کاربردی در سال ۲۰۱۹ رشد چشمگیری داشته است. می‌توانید اطلاعات بیشتر در زمینهٔ تعداد ثبت اختراع و توزیع آن بر حسب شهرها، آمار عناوین تجاری جدید ثبت شده، زمان لازم برای انجام مراحل اداری و غیره را با اشاره بر پیوند سایت دیدهبان فناوری در قالب اینفوگرافی مشاهده نمایید.

## IPR IN CHINA 2019: FIGURES AND HIGHLIGHTS

In 2019, China saw a steady progress in both quantity and quality of IP rights, according to a report released yesterday by the National Intellectual Property Administration (NIPA). China's top IP watchdog

### PATENTS

**Patent Applications Filed in China**

Category	2018	2019
Invention patent applications	1,150,000	1,160,000
Design patent applications	1,100,000	1,110,000

**Patent Grants in Chinese Institutions**

Category	2018	2019
Invention patent grants	1,000,000	1,010,000
Design patent grants	900,000	910,000

**Top 5 Invention Patent Recipients, 2019**

Company	Patents
Huawei	4,510
Samsung	2,881
Oppo	2,614
Xiaomi	2,313
Tencent	2,146

**Invention Patent Ownership**

Category	2018	2019
Patents per 10,000 people	10	11
Number of patent holders	100	112

**Top 5 Invention Patent Intensive Regions, 2019**

**International Patent Applications via Patent Cooperation Treaty (PCT)**

Category	2018	2019
Patent applications	10,000	11,000
Applicants from China	8,000	8,500

**TRADEMARKS**

There were 6.41 million trademarks registered in 2019, with the total number of effectively registered trademarks exceeding 23 million, and with every 4.9 market entities owning one registered trademark on average.

The number of international trademark applications filed via the Madrid system reached 6,493 in 2019, and the number of total applications received 44,100 by the end of the year.

### GEOGRAPHICAL INDICATION (GI)

In 2019, the NIPA issued 1,000 GI-specific signs, approved 500 GI products, registered 441 GI trademarks, and authorized 774 enterprises to use GI-specific signs.

As of the end of 2019, there were a total of 2,385 approved GI products, 5,574 registered GI trademarks, and 8,484 enterprises approved for the use of GI-specific signs.

### IC LAYOUT DESIGNS

China received 8,319 applications for layout design of integrated circuits in 2019, up by 87.7%, and issued 6,654 certificates, a yearly increase of 73.4%.

### THREE HIGHLIGHTS

More efficient services for IPR protection

IP policies align with market needs

Foreign investors confident as IPR protection stepped up
